To: Christopher Dieni

Hello Dr. Dieni,

I want to begin by thanking you for supporting your nomination for the Mount Allison Students' Union Excellence in Teaching Award this year. There was a lengthy discussion among the committee as to which deserving candidate should receive the award this year. Unfortunately, this year the committee decided to select another candidate for the award.

There were a number of strong candidates for the committee to discuss, each of whom acted as leaders in teaching excellence at this institution. Your commitment to making yourself available to your students via social media is the kind of innovative delivery that the MASU Excellence in Teaching Award strives to recognize. The nomination letters that you received were inspiring and they made evident the impact that your teaching has had on the students you have taught at Mount Allison.

We know that you will continue to maintain this teaching excellence, and both expect and look forward to receiving nomination letters from your students in the future.

Thank you once again,

Ryan Harley
